Adobe Creative Cloud for education

Licensing for classrooms, labs, small workgroups and departments.

Only Adobe brings together an essential and comprehensive set of integrated products and services to further collaboration and creativity in education. Adobe Creative Cloud for education gives your students, faculty and staff access to the latest industry-leading creative software for design, web, video and photography—all right on the desktop—plus seamless ways to share and collaborate through access to online services.

With Creative Cloud for education, your school or university gets:

- **Software that's always up to date**—Licenses include updates to Creative Cloud applications as soon as they're released, so you'll always have access to the latest creative tools and features.
- **Flexible licensing options**—You can purchase the complete set of creative apps or just a single one, with or without services.
- **Collaboration that's built in**—With an option to add online services, small workgroups and teams can collaborate and share with ease.*
- **Easy deployment and management**—A web-based Admin Console makes it easy to purchase additional seats, add users and manage software updates.*

Find a licensing option that fits your needs for:

Small workgroups and departments

Creative Cloud for education
Named-user licensing

- Licenses for each individual user on their institutional computer with teacher and staff rights to install on two computers, one for work and one for home use
- Choice of complete set of Creative Cloud applications or single-app option
- Online services and storage included

Classrooms and labs

Creative Cloud for education
Device licensing

- Licenses for each computer, rather than each user, with rights to install on one computer per license
- Choice of complete set of Creative Cloud applications or single-app option
- Online services and storage not included

* Requires named-user licenses.

Institutional plans† for Creative Cloud
