

vCloud Air Network Technology Badges

The VMware vCloud® Air™ Network Program enables the success of your cloud services with marketing assets, training programs, and flexible subscription and resell investment models. As part of a global network of providers offering validated cloud services based on VMware® technology, you also gain the opportunity to leverage technology badges that assure customers you offer the same security, reliability, and performance they know and trust.

Drive lead gen and sharpen your competitive edge.

Tap into a market of 500,000+ customers looking for VMware-based cloud solutions

Distinguish your service as being built on and validated by VMware

Benefit from vCloud Air Network demand-gen and marketing campaigns

Explore the Badges

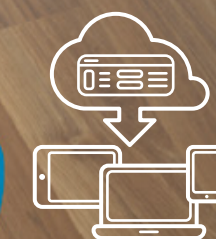

VMware IaaS Powered ▶

Offer hosted infrastructure services based on VMware vSphere®, the world's leading virtualization platform.

VMware Hybrid Cloud Powered ▶

Deliver scalable and secure hybrid cloud services based on VMware vSphere and vCloud Director®.

VMware Horizon DaaS Powered ▶

Deliver virtual desktops and applications as a cloud service to end users anywhere, on any device.

VMware DRaaS Powered ▶

Provide scalable cloud-based disaster recovery and protection services in vSphere virtual environments.

VMware Managed Services Provider ▶

Leverage vCloud Air as a core infrastructure while adding value with a fully managed services portfolio on top.

VMware IaaS Powered

Offer incredible flexibility for provisioning with scalable on-demand capacity.

VMware Infrastructure-as-a-Service Powered partners can promote their hosted infrastructure services as being built on market-leading virtualization and cloud infrastructure technologies like VMware vSphere® and VMware vCenter Server™ software. As a vCloud® Air™ Network service provider, you benefit from a pay-as-you-go, pay-as-you-grow subscription model that can help your business thrive.

Badge Benefits

Leverage VMware® technology with no start-up costs

Get production-level support and larger discounts
