Is Your Organization Working Efficiently?

Find out how you can increase collaboration with a Microsoft 365 Collaboration Envisioning Session.

Equip your employees with best-in-class collaboration tools

It takes a village to turn ideas into realities. As businesses become more global, mobilized and dispersed, effective communication and collaboration tools are crucial. The collaboration technology market has increased year over year. Over 13 million people use Microsoft Teams® every day to chat, meet, share files and work with business applications in a single space.¹

Insight’s Microsoft 365 Collaboration Envisioning Session gives your organization the opportunity to discuss the impacts of Microsoft 365™ collaboration tools with our Microsoft® consultants at no cost to you.

What will the session cover?

• What a move or upgrade to Microsoft 365 will mean for your organization
• How Microsoft 365 addresses collaboration and productivity
  • Overview of Microsoft Teams
  • Overview of SharePoint® and OneDrive® for Business

What will you leave with?

• An understanding of the collaboration tools available to you in Microsoft 365 and insights into how you might use them to improve communication and increase productivity.
• Clear and defined next steps and services Insight can provide to help your organization transition to a Microsoft 365 solution.

Time commitment

Your customized session will last approximately 90 minutes, which includes 30 minutes of Q&A with a Microsoft expert.
