Notes: FA Rev. 0114B

- Prices are subject to change without notice. Prices are in U.S. dollars. Taxes and shipping not included.

* Printers with an Ethernet connection include a USB connection.

**The Same-Side Input/Output hopper on the printer replaces the Dual Input hopper and has a 100 card capacity.

*** A printer with an Lamination will come standard with Dual-Side Printing.

**** The two smart card encoder modules available for the HDP5000 are multifunctional: The OMNIKEY 5121 encodes contact smart cards, and contactless HID iCLASS and MIFARE cards; the OMNIKEY 5125 encodes contact smart cards and contactless HID Prox cards (read-only). HID suggests ordering the OMNIKEY 5121 if the application only requires contact smart card encoding.

**The Same-Side Input/Output hopper on the printer replaces the Dual Input hopper and has a 100 card capacity.

*** A printer with an Lamination will come standard with Dual-Side Printing.

**** The two smart card encoder modules available for the HDP5000 are multifunctional: The OMNIKEY 5121 encodes contact smart cards, and contactless HID iCLASS and MIFARE cards; the OMNIKEY 5125 encodes contact smart cards and contactless HID Prox cards (read-only). HID suggests ordering the OMNIKEY 5121 if the application only requires contact smart card encoding.

To Add a Smart Card Encoding Module Simply Change the Last Digit of the Base Part Numbers Above (for example, to add iCLASS encoding to a SS DTC1250e simply change the last digit from 0 to 6 or 8 resulting in a final P/N of 050006 or 050008)

Configuration No. *(Change Last Digit of P/N)*	**HID Prox/Contact/Contactless Encoding Options (Factory installed options only)**	**MSRP** (Add to Base MSRP)	**Unit Price**
6	Printer with an HID Prox, iCLASS, MIFARE/DESFire, and Contact Smart Card Encoder (Omnikey Cardman 5121 and 5125)	895.00	**Contact RSM**
8	Printer with an HID iCLASS SE, iCLASS, MIFARE/DESFire and HID PROX (Omnikey Cardman 5127)	799.00	**Contact RSM**

Field Upgrade Module Options - Refer to Section F1.0 for Pricing

047709	ISO Magnetic Stripe Encoder
047710	JIS II Magnetic Stripe Encoder

Notes: FZ Rev. 0114A

- Prices are subject to change without notice. Prices are in U.S. dollars. Taxes and shipping not included.

* A printer with an Ethernet connection will also come with a USB connection

For ordering purposes, the Part Number is only the 6 digit numeric number. The DTC1250e printer is a regional printer and therefore only accepts full panel color ribbons which are compatible with the regional DTC1250e printer. A customer's regional printer type (2 letter regional code) and regional ribbon type (2 letter regional code) can be identified on a label located inside the ribbon compartment. **Whenever ordering full panel color ribbons (YMCKO and YMCKOK) for the DTC1250e printer, please make sure you order the ribbon with the correct Ribbon Part Number and proper 2 letter regional code in the description which matches the same 2 letter regional code of the printer in which it will be used.**

F6.0 - Fargo® Standard Series Ribbons

Notes: FE Rev. 0114B

- Prices are subject to change without notice. Prices are in U.S. dollars. Taxes and shipping not included.
 - Additional DTC1000 and DTC1000M supplies shared with DTC4000 are available in section F5.0 - Fargo® Professional Series Ribbons & Clear HDP Film.
 - Additional DTC1250e and DTC1000Me supplies shared with DTC4250e are available in section F5.0 - Fargo® Professional Series Ribbons & Clear HDP Film.
 - Additional C50-only ribbons are available in section F6.1 - Fargo® Standard Ribbons - Regional C50 Only

For ordering purposes, the Part Number is only the 6 digit numeric number. The DTC1250e printer is a regional printer and therefore only accepts full panel color ribbons which are compatible with the regional DTC1250e printer. A customer's regional printer type (2 letter regional code) and regional ribbon type (2 letter regional code) can be identified on a label located inside the ribbon compartment. **Whenever ordering full panel color ribbons (YMCKO and YMCKOK) for the DTC1250e printer, please make sure you order the ribbon with the correct Ribbon Part Number and proper 2 letter regional code in the description which matches the same 2 letter regional code of the printer in which it will be used.**

- Prices are subject to change without notice. Prices are in U.S. dollars. Taxes and shipping not included.
* All HDP5000 and DTC4500 lamination modules utilize a cartridge system to load overlaminate materials. A single-sided lamination module will utilize only cartridge 1, while a dual-sided simultaneous lamination module will utilize cartridges 1 and cartridge 2. The single-sided lamination module can be used for dual-sided lamination as long as the printer has a dual-sided printing module attached. The dual-sided simultaneous lamination module can be used for single or dual-sided lamination.

F8.1 - Fargo® Secure Materials - Holographic Foil and Pre-Printed Cards

The FARGO Custom Card Program allows you to build an embedded holographic foil or a pre-printed design into your blank card stock, before personalizing it in any FARGO Card Printer/Encoder. To determine the total, per-box price of a custom card order, add the per-box prices of the following: PVC card cost + pre-printing cost + visual security element features cost + set-up fee (+ Holographic Foil Origination Fee, if applicable).

F8.1 - Fargo® Secure Materials - Holographic Foil and Pre-Printed Cards

Custom Card Pricing Instructions:

1. **DETERMINE Card Construction Price:** Choose 100% PVC or a composite PVC/Polyester construction, with our without magnetic stripe. Note the per-box price for your order size.
2. **ADD Card Pre-Printing Price (IF card will be pre-printed) to Card Construction Price:**
   If the custom card will contain a pre-printed design, find the type of pre-printing in the table above.
   Note the per-box price for your order size.
   (Your custom card may contain visual security elements but no pre-printing.)
3. **ADD Visual Security Price(s) (IF card will contain visual security elements) to Card Construction Price:**
   If the custom card will contain visual security elements, find the price of each visual security element in the table above.
   Note the per-box price for your order size.
   (Your custom card may contain only pre-printing, and no visual security elements.)
4. **TOTAL Per-Box Price:** Add Card Construction price + Card Preprinting price + Visual Security price.
5. **ADD** a Set-up Fee to each NEW design ordered (one-time fee).
6. **ADD** an Origination Fee *only* to each NEW Translucent or Metalized Holographic Foil Card orders. (one-time fee)
7. **TOTAL Order Price:** Multiply your total per-box price by the total number of boxes you are ordering and add one time fees.

*Minimum order is 2 boxes each containing 500 cards. Initial setup fee is

**A one-time non-refundable origination fee is required for Holographic Translucent or Metalized Foil Holograms. Select *either* a Holographic Translucent *or* Metalized foil. A design may not contain both Translucent and Metalized foils.

Artwork requirements are located on the Custom Card Order form. We match sample colors as closely as possible. Contact HID Global for pricing on any PMS colors.

Once the custom card design has been created, it is owned by the end user. As a result, HID Global cannot resell or return it. Therefore, payment is subject to the reseller contract and established payment terms with HID Global.

After artwork is signed and purchase order is submitted, HID Global does not accept cancellations.

F8.2 - Fargo® Secure Materials

HDP8500/HDP5000 Holographic HDP Film
HDP8500/HDP5000/DTC4500 Custom Overlaminates

Custom HDP8500/HDP5000/DTC4500 Overlaminate and HDP Film Additional Information

Payment Requirements:
- HID Global *cannot accept any returns.*
- Payment is subject to the reseller contract and established payment terms with HID Global.
- After the artwork specification sheet is signed and purchase order is submitted HID Global, does not accept order cancellations.
- Once the custom overlaminate has been created, it is owned by the end-user.

High Secure Origination Fee includes the following standard options:
- High resolution (1200 dpi) image, graphic or logo.
- Choice of any four Visual Security Elements (VSEs) incorporated into a holographic design.
  (Refer to FARGO Visual Security Solutions™ brochure for Visual Security Element options.)
- Registered holographic image placement – a repeatable fraud-reducing image on each card.
  (Available in portrait or landscape card orientation based on customer design).
- Add Visual Security Elements (VSEs) over the four choices that are already included in the High Secure Holographic Origination Fee.

Additional VSEs and fees:
- Mica Ink and UV Ink fees will be added to the origination fee, and an additional fee added per roll.
  No discounts will be applied to these charges. Not available on HDP Film.
- Mica Inks - Color shifting ink that is gray at one angle and chosen color when viewed at the other angle.
  Color choices include: gold, violet, turquoise or green. Not available on HDP Film.
- UV Inks - Clear under normal light but visible when exposed to black light. Color choices include: green, red, yellow or blue.
- Ghost Image - Only visible at a specific viewing angle.

Secure Origination Fee includes the following standard options:
- Mid-level resolution (600 dpi) image, graphic or logo of the organization only. (Note: Limitations exist on intricate or complex designs.)

Digital Artwork Requirements
- **High Secure:** Image file must be provided in 1200 dpi (.eps or .tif) format.
- **Secure:** Image file must be provided in 600 dpi (.eps or .tif) format.

IMPORTANT! HID FARGO Secure holographic PolyGuard and Thermal Transfer non-registered overlaminates will have a faint line running across the card width approximately 50 percent of the time. This line is part of the basic manufacturing process.
To eliminate the appearance of this line, order a High Secure Hologram or choose optional image registration.

- **Please refer to Custom Overlaminate/HDP Film Order Form for more details about artwork submission.**

Design approval by HID Global is required.

For more detailed artwork requirements please refer to HDP8500/HDP5000/DTC4500 Custom Overlaminate Order Form.
