

Insight Healthcare Solutions

ABOUT INSIGHT

Insight is a technology solutions provider serving global and local clients in 190 countries. Today, thousands of clients, including more than 80 percent of the Global Fortune 500, rely on Insight to acquire, implement and manage technology solutions to empower their business. Insight provides software and licensing services globally. In addition, we offer a comprehensive portfolio which also includes networking, hardware and value added services for our clients in North America and the U.K. We are aggressively expanding our global capabilities by introducing new offerings, including hardware and services, to meet emerging needs for our clients worldwide.

Insight is proud to have achieved HP PartnerONE Healthcare Elite status

Improving Patient Care and Safety

As a healthcare professional you are continually challenged to provide first-rate patient care, comply with governmental legislation and tough security measures, all while trying to run your facility efficiently. Insight's focus on healthcare means customized solutions to help you and your organization serve patients with the utmost care, reduce expenses and improve responsiveness.

Healthcare providers can find strong assistance and consultative expertise – from procurement to full-fledged solutions – from the dedicated Insight healthcare team.

Since the 1990s, Insight has been offering custom-tailored solutions designed to meet your unique clinical needs.
